Get involved with 2021 Wills Week! This year the Public Trustee is hosting events, online activities, and downloadable resources for Queenslanders to celebrate life's big moments and support early reflections on advance life planning.

This year's theme — Wishes Change — celebrates the big life moments and highlights the importance of reflecting our changing wishes in advance life planning documents.

Changes in our relationships, such as getting married or starting a family, can change our wishes for our and our family's future. Queenslanders, share your future wishes with your loved ones by creating or updating your advance life planning documents, such as a Will or enduring power of attorney.

The Public Trustee is here to help Queenslanders to feel confident and supported to plan for their futures. Visit: www.willsweek.com.au for more.
